Supplements to Kidney International

Supplement I, Volume 6, 1974: End-stage diabetic nephropathy

- Aorto-coronary bypass**
in diabetic patients, S-37
- Carbohydrate intolerance**
in hemodialyzed patients, S-70
- Complications**
hemodialysis-related problems, S-100
neuropathy, S-77
of transplantation, S-32
psychological problems, S-141
visual and vascular, S-27
- Diabetes mellitus**
aorto-coronary bypass in, S-37
hemodialysis-related problems in, S-100
metabolic complications in transplantation, S-58
metabolic problems in insulin-dependent patients, S-47
mortality, morbidity and rehabilitation in dialyzed patients, S-8
neuropathy in dialyzed patients, S-86
neuropathy in insulin-dependent patients, S-77
neuropathy in transplanted patients, S-90
neuropathy, retinopathy and biopsy findings in transplanted kidney, S-32
pancreatic transplantation, S-164
peritoneal dialysis in, S-108
psychological problems, S-141
psychosocial problems in dialyzed patients, S-144
rehabilitation of transplant patients, S-152
surgical aspects of transplantation, S-129
transplantation in insulin-dependent patients, S-15
visual and vascular problems in, S-27
- Diabetic nephropathy**
in dialyzed diabetic patients, S-51
in transplanted diabetic patients, S-32
magnitude of renal failure, S-2
mortality, morbidity and rehabilitation in dialyzed patients, S-8
neuropathy in transplanted patients, S-90
peritoneal dialysis in uremia, S-108
surgical aspects of transplantation, S-129
transplantation in insulin-dependent patients, S-15
visual and vascular problems, S-27
- Dialysis**
glucose intolerance during, S-70
maintenance peritoneal dialysis, S-108
mortality, morbidity and rehabilitation, S-8
neuropathy as complication, S-86
nutritional and metabolic problems, S-51
problems related to, S-100
psychosocial problems, S-144
visual and vascular problems, S-27
- Glucose**
intolerance in hemodialyzed patients, S-70
metabolism in renal insufficiency, S-63
- Hemodialysis**
glucose intolerance during, S-70
mortality, morbidity and rehabilitation, S-8
neuropathy as complication, S-86
nutritional and metabolic problems, S-51
problems related to, S-100
psychosocial problems, S-144
visual and vascular problems, S-27
- Islet cell**
transplantation, S-169
- Metabolism**
in dialyzed diabetic patients, S-51
in insulin-dependent diabetic patients, S-47
in renal transplantation, S-58
of insulin and glucose in renal insufficiency, S-63
- Neuropathy**
in dialyzed diabetic patients, S-86
in insulin-dependent diabetic patients, S-77
in transplanted diabetic patients, S-90
- Nutrition**
in dialyzed diabetic patients, S-51
- Pancreatic transplantation**
in New York, S-164
- Peritoneal dialysis**
in the diabetic uremic, S-108
- Psychological problems**
in insulin-dependent diabetic patients, S-141

Psychosocial problems

- in diabetic transplant patients, S-152
- in dialyzed diabetic patients, S-144
- in insulin-dependent diabetic patients, S-141

Rehabilitation

- in dialyzed diabetic patients, S-8
- social and psychological, S-152

Retinopathy

- in dialyzed diabetic patients, S-27
- in transplanted diabetic patients, S-32

Transplantation

- in insulin-dependent patients, S-15
- islet cell, S-169

metabolic problems in, S-58

neuropathy in, S-90

neuropathy, retinopathy and biopsy findings in, S-32

pancreatic, S-164

social and psychological rehabilitation after, S-152

surgical aspects of, S-129

Uremia

glucose intolerance in, S-70

insulin and glucose metabolism in, S-63

magnitude of, in diabetic patients, S-2

Vascular disease

aorto-coronary bypass in diabetic patients, S-37
